

# THE OUTCROP.

Devoted to the Mining and Development of the Windermere and Golden Divisions of the District of North East Kootenay.

Book VI., Chapter II.

Wilmer, B. C., Thursday, August 10, 1905.

\$2.00 Per Year.

## Two Days Sports

The Ninth Annual Windermere District Race and Sports were held last Friday and Saturday at Windermere. The weather was fine throughout and at times exceptionally hot. The sports were excellent and the greatest interest manifested in them up to noon Saturday when a long delay occurred in starting the aquatic sports, which was greatly regretted by all.

Early Friday morning work was received from Capt. Armstrong that the Parmigan would not arrive until 4 or 5 o'clock in the afternoon with the Golden contingent, and the managing committee thereupon announced that the program should be carried out without awaiting the steamer arrival.

**Horse Racing.**  
It was a jolly, good natured crowd that had assembled at the race track at 11 o'clock Saturday morning, when R. A. Kington mounted the stand and declared pools open for the Quarter-Mile Pony race in heats and pools sold freely at times.

In this race H. G. Gordon's Prince won first money in two heats, Frank Nicholson's Kootenay Boy second and Walter Stoddard's Golden third place, while the Fort Steele Indian's Boy Crutcher came in last.

For the benefit of the Golden contingent the Half-Mile was replaced by the Quarter-Mile Open, in heats. This race was also good Kootenay Boy taking first place in two heats, Moose Bay Billy taking second in the first heat, closely followed by Ed. Morigan's Bummer, while Francis' Sorrel Jim was last in both heats. In the second heat Bay Billy and Bummer were so close that a lively dispute arose, which was ultimately settled by the owners themselves.

A side race was given up and run between the heats with ponies owned by an Indian and W. Stoddard, and a lot of fun was taken out of it, the Indian's horse winning. The Indians evidently knew this pony well as they were most anxious to bet on it, and produced more money than on any other race.

### Rifle Shooting.

In the afternoon the crowd repaired to the rifle range, where five men from the Windermere Rifle Association competed with an equal number from the Wilmer Rifle Association for silver medals and a gold medal for the highest individual score. This contest was watched with intense interest by the spectators, every shot being closely tabbed and compared with the opponents'. Everything was in favor of a big score, but while no one made a big total, nevertheless the score throughout was very good. As will be seen by the score below Wilmer was 4 points ahead at the 200 range, but at the 600 Windermere pulled up and got 11 points ahead, and then at the 600 the latter dropped down again, but managed to win by 4 points. Thus the heaviest interest was kept up until the last shot was fired. Windermere won with a total of 401 points, Wilmer with 397 points, but J. E. Johnston of the Wilmer team became the gold medalist with a score of 96 to his credit.

Wilmer Rifle Association		
J. S. Johnston.....	27	33 36-86
A. H. Yates.....	28	29 36-85
F. L. Snook.....	24	18 31-65

Total.....		
A team representing the Golden Rifles		

Association was to have contested in the rifle match, but the committee decided that they would not be allowed to shoot unless they shot on Friday and as the steamer did not arrive until near dark this was impossible and naturally there was considerable argument on this account.

### The Merry Dance

The arrival of the Parmigan was late but she brought in a much larger crowd of excursionists than was expected and after allowing them ample time to prepare, the dance was started, the hall being filled with lovers of the light fantastic. In fact, it was remarked that never before were there so many ladies present as on this occasion, and while the costumes worn were not remarkable for their style, they were exceptionally pretty and comfortable looking. The music supplied by Prof. Harrison's orchestra was good, as was also the lunch served by Mrs. M. Cameron. The dancing continued until nearly 3 a. m., when all joined in singing "God Save the King", and retired, tired but happy.

### Sweepstake Shooting.

Saturday morning the trap shooting was the first attraction, and ten names were entered for the sweepstake. A number of "one-hits" were called and several times there was trouble with the trap, but the light was good and it is hard to account for so much poor shooting. Yet every person was pleased to see Willie Taynton take first prize with 8 birds out of ten, which also entitled him to hold the Hudson Bay Co. Cup for the highest score in the Windermere District Team. Willie is only 15 years of age and as he was among the cup last year he was cheered lustily, and if he wins it next year it will be his to keep. Messrs. McDermott, Gordon and Warren tied with 7 birds each to their credit and on shooting off the tie Mr. Warren won second money and Mr. McDermott third. Following is the score:

G. B. McDermott.....	010101110-7
J. H. Semple.....	100100010-3
H. Brewer.....	100000000-1
E. Clark.....	110001001-5
Willie Taynton.....	110110111-8
J. Lake.....	0100000-1
J. H. Taylor.....	0101111-5
H. G. Gordon.....	10110111-7
Dr. Whipple.....	010100111-5
Ed. Morigan.....	11010011-5
C. A. Warren.....	011101104-7
J. G. Ullock.....	001011111-6

### Horse Racing.

The next event took place on the race track, and the horse racing proved even more interesting than on the previous day. Everyone was anxious to see H. G. Gordon's horse Prince run, which was ridden by Dr. McAlister, and they were not disappointed in the horse or rider, but they were with the other horses, as Prince ran away from them all under a tight rein.

In the Half-Mile Open race, in heats, Prince took first place away in two heats and Golden second, but trouble was followed close by Pete's Sorrel, while Roy Crutcher was last in each heat. It may be here mentioned that Prince is hard to start and some complaint was made the previous day that he was given the advantage, but in the second heat of this race the other horses got away eight or ten lengths ahead of Prince, but he won easily. Roy Crutcher was expected to have given Prince a good run as he had a good record, but the Indians had not properly trained him and he was no chase to run.

The Quarter-Mile, in heats, open to horses raised and bred in East Kootenay was quite interesting and was completed for by Kootenay Boy, Bummer, John's Sorrel, Black Bird and Bay Billy, the prize being won in two heats by Kootenay Boy and Bummer.

### Sway Boy and Bummer.

Capt. Thorald, F. C. Stockdale and C. Cameron acted as judges and gave entire satisfaction.

### Aquatic Sports.

In the afternoon the water sports, which in previous years were so much enjoyed, were badly muddled, the result, it is said, of leaving too much work for one man, and some regret it more than the managing committee. For upwards of an hour the crowd lined the banks, while a few friends were rowed to the steamer anchored a quarter of a mile out and the raft towed out and anchored for the base ball. When at last a Parmigan team and a Windermere team began to play the people were hot and weary to enjoy it. Two innings were played, each side score one and then the game was called a draw. There was some real amusement in the game and all the men were good swimmers, but there is little use trying to amuse a crowd when they are hot and angry.

The Water Polo was declared off as no team entered against Windermere.

The Swimming race took better and first prize was won easily by L. Cecil and second by A. Mitchell. Frank Mergan being the only other competitor.

A lot of fun was taken out of the Hurdle Swimming race, which was won by L. Cecil, Frank Morigan and A. Mitchell.

The Tandem Canoe race was won by P. Hart and B. Hewitson against J. E. Stoddard and W. Taynton. The course was a long one and several times it appeared likely to be a close finish, but the former team finally won easily, amid much cheering.

### Athletic Sports.

Returning up town the crowd became more cheerful and a lively interest was taken in the foot race.

A lot of betting was done on the 100-Yard Foot race, F. L. Snook being the favorite and R. Hammond next, but an Indian "Pete" proved the winner by three or four feet ahead of Snook, while Hammond took fourth place, although Snook stepped in a hole, causing him to lose speed.

Tossing the Caber—F. Larnour 1st and M. McCrimmon 2nd.

Putting Stone—C. Cameron 1st and Louis 2nd.

Hop, Step and Jump—Louis 1st and Pete 2nd.

Sack race—Edward 1st and Moses 2nd.

Three-Legged race—Abe and Edward 1st and P. Hart and B. Hewitson 2nd.

## DISTRICT CROPPINGS

### And Other Items of Interest in a General Way

Henry Schweiguth and Sam Derr started out Tuesday morning with a pack train loaded with supplies for No. 3 creek, where they will do more development on the Lead Queen group. It is now their intention to run in a tunnel and cross out their big lead at considerable depth near the upper cabin. This point will be about half way between the upper and lower tunnels, which are about a mile apart and in which big ore bodies have been uncovered. The opening up of the big lead at this point is considered essential by all the expert mining engineers who have visited the property, as it will further strengthen the contention that this is the biggest and longest silver-lead in this camp. Upwards of \$7,000 in work have already been expended on the Lead Queen by these men and their partner, Tom Brown, and everybody wishes them success.

A good trail has been completed from the end of Toby road to the Nettie M. group, where Messrs. Washburn and Starke recently made the big strike, and Tuesday a force of four miners were put to work to start development work. It is intended to sack the ore as the work proceeds and make a trial shipment of a few car loads before navigation closes.

Owing to some trouble with the gasoline engine, which supplies air for the long tunnel at the Paradise mine, all the miners came down the hill last week and will return upon the arrival of some material that is necessary for repairing the engine, which is expected on the boat tomorrow.

J. S. Barbour is busy packing two car loads of ore down from the B. C. and Tibury on the North Fork to the Toby road. J. Fitzsimmons now has a lease on the B. C. and is working four men. He expects to continue to take out this high grade ore and ship several more car loads before navigation closes.

F. Cottei went up No. 3 creek Tuesday to do considerable development work on the Steele group. There is already a splendid showing of three feet of clean galena ore on this property, which is an extension of Lead Queen lead.

Alex. Ritchie is hauling Dolomite ore to the Wilmer landing from the North Fork. There is now another car load of this ore ready to be packed down from the mine to the Toby road.

R. S. Gallop is endeavoring to employ men to open up the trail up Horse Thief creek, where he intends doing considerable development on his mining properties this season.

Walker Tegar has an apple tree on his ranch east of Windermere that is spoken of by all who have seen it as bearing more fruit than any they ever saw before. The apples hang in such big clusters that it would be impossible to get another in, it is said. The tree and limbs are propped and tied up in every conceivable manner to keep them from breaking. He also has some very heavily loaded plum trees that are attracting attention.

G. W. Willard and W. McNeil returned Monday from seeing the Stoney Indians over the Rocky Mountains to Alberta. The were absent about twelve days, going just to the second summit, from where they watched the Indians go down safely to their own country. They were accompanied by Mr. and Mrs. L. Louis and say they had a fine trip.

They had some fine fishing and saw game of all kinds. The scene was most novel one, as the Indians had over 100 horses with them and the procession down the mountain side stretched out over five miles in length.

Much like his brother, Sam—Justice David J. Brewer was not long ago asked by a man: "Will you please tell me, sir, what is the extreme penalty and sentence: 'Two mothers-in-law'." Justice Brewer is a brother to S. Brewer of Fairmont, and evidently as silly.

Mr. Lee, wife and family arrived on the steamer last week to visit Mr. Bruce. Mr. Lee is the senior partner of a firm of printers and publishers doing business in New York and Philadelphia. He is travelling in the west for his health's sake and was greatly pleased with his visit here.

Before leaving Golden Judge Forsen sentenced Shaw, charged with shooting at Conductor Bruce of the C.P.R., to six months in the Kamloops jail at hard labor.

The steamer Parmigan arrived at Wilmer Tuesday afternoon on a special trip with a party of tourists. She started back to Golden with a hour.

## A Wonderful Country

"You have a wonderful country here!" This was the first expression made by Mr. Alex. Lucas when he met The Outcrop reporter. Mr. Lucas is the chief assessor of the Kootenays and ought to know whereof he speaks. He drove up from Golden and after going well over the valley with Mr. Lang was just getting in a rig to go south to meet his Cranbrook deputy at Mud creek, from where he will continue his work in that district. Continuing he said:

"I had little idea of the extent and wealth of the Columbia Valley. Like most of the people in West Kootenay I supposed this was not a fruit country, but I have seen for myself that my impressions were wrong. I have seen the fruit growing and it is good; and it is only a matter of time until we must take a back seat. You have so much more available land than we have. In four miles along this valley there is more land than all the little patches put together around Nelson. Why, you have far more land to cultivate than there is in the Boundary country. The widest part of the Kettle River valley is not more than three or four miles wide and there is very little of it that width. The soil here seems the same as the Kootenay and lake Boundary countries, there is more water here for irrigating with, and I think as a fruit country it is equally as good. You may have a little colder winters, but look at the fruit you have actually growing. The only difference I can see between the Boundary and here is that over there land owners say their land is worth from \$100 to \$300 an acre and here some say their land is not worth anything," and the assessor smiled grimly, but continued:

"I am willing to bet that land will be selling at from three to four times the highest prices now asked within two years. Well, good-bye. I'm coming to see this country again."

"Don't forget to tell everybody you meet about this country," shouted the reporter.

"Whoa, I will! I will tell the Nelson reporters about it. But you will not need to advertise it when the railway reaches here. People will flock in here then and you'll have a great country."

## A New Tunnelling Invention

A new mining and tunnelling machine has just been completed, which, if successful, will open up mining properties which have been neglected for years. The machine itself consists of a steel wheel made to any diameter, the wheel just completed having a diameter of 42 inches and cutting a tunnel of 51 inches. It is equipped with cutters or moils of specially toughened steel. These cutters have drill-like points sharp enough to penetrate the rock when struck, but sufficiently strong and hardened not to be easily broken or displaced. The face of the wheel is studded with several hundred moils, and as each moil strikes the rock at a different point, and as the wheel is rotated after each blow, the rock is chipped off in small fragments and is not worked out in the ordinary form of dust or pulverized stone. The wheel or cutting head is designed to cut a round hole or tunnel somewhat larger than its own diameter, the cuttings being washed away by water. The operation of cutting is continuous and dispenses with blasting and mucking.

The power which delivers the strokes against the hub of the wheel is furnished by two hand Little Giant rock drills placed in tandem, giving the piston a stroke of eight inches. For operation the drill requires 45 h.p., and John P. Karns, the inventor, claims that with it the wheel will drive four feet per hour through any rock.

At this rate it is easy to see what great savings will be effected in tunnel and

## Mining Records.

The following records have been made at the Wilmer Mining Recorder's office:

- ASSAYS.**  
Aug. 15—Strand, on Junbo [Fork of Toby creek, by F. Unfried.  
Aug. 7—Silver Glance, on Michelson creek, by J. McCullough.  
Aug. 4—Duchess and Nickle Plate, on Dutch creek, by W. B. Abel.  
Aug. 4—Silver King and Silver Queen, on Kootenay river, by W. B. Abel.
- TRANSFERS.**  
Aug. 2—Power of Attorney, Jas. Ryan to C. M. Keep.  
Aug. 2—Notice of Sale of Silver Belt and Carbonate Fraction, on Spring creek, by Jas. Ryan.

The Fernie Ledger is credited with saying: "Golden is wild with joy over the commencement of work on the Kootenay Central, and over all Wilmer the local editor is putting better on his broad." Quite true, and the Wilmer editor here the Ledger editor when the latter couldn't put better on his broad and didn't for him.

E. E. Masterman arrived last night in Wilmer from Wichita, Kan., to join his wife, who is visiting her sister, Mrs. Power. They will leave by Monday's Parmigan for Victoria and Portland and after visiting the fair will return home.

Camping by the lake is alright now.

**THE OUTCROP**  
BY W.P. EVANS, PROP.

WILMER, B.C., AUG. 10, 1906.

Every fruit grower should not fail to read the official notice printed elsewhere in this issue named "License for selling nursery stock". It is of utmost importance that the fruit grower should buy his plants and seeds from nurseries authorized to carry on business by the government. By granting licenses to the nursery men the government is enabled to see that the stock sent out by them is healthy and not infected.

What a lot there is in a name, and how much fun some folks have when they see their name in type if the spelling is not quite correct, and how seriously others take it. Recently The Outcrop was furnished with a list of names and whether the writer was joking or not the ladies whom it was supposed to designate have been so much amused that they have sent copies of this paper across the continent to their friends. It is an ill wind, etc.

A few tourists have found their way up the Columbia Valley this season and already the effect is manifested by their sending for their friends to follow them. This is the very best kind of advertising we can get and is certain to be effective. It is proof positive that tourists coming here are satisfied that they are getting their money's worth, and that is all that is necessary. When tourists, who have travelled in all parts of the world, after crossing the continent come here and decide to stay for weeks and send for their friends, it is, to say the least, a most hopeful sign and should be made known.

The Dominion Exhibition to be held at New Westminster is now being thoroughly advertised and is certain to prove one of the greatest ads. B.C. has ever enjoyed. The management writes The Outcrop that "all entries close on Wednesday, Sept. 13," and is anxious that intending exhibitors should know this and govern themselves accordingly. It is expected that this valley will have a good exhibit as the Hon. Mr. Wells is said to have charge of it and he may be depended upon to see that it is complete. Officer Cameron is to assist in collecting fruit and other agricultural products and we would urge upon all who can assist to do so and have their exhibits ready in good time.

Judge Forbes of St. John, N.B., has not even with the English magistrate, who recently sentenced a "British criminal to Canada". Recently Judge Forbes had before him Thomas Jackson, an Englishman, who had stolen \$60 from his room-mate, and pleaded guilty to the theft. Having in mind the English judge's sentence and withering under the implied slur upon Canada, Judge Forbes, seeing a good chance for retaliation, imposed on Jackson a sentence of two years in Dorchester penitentiary or return to England. The man was remanded to jail until he could make up his mind. It will be rough on the English judge should Jackson choose penitentiary.

ACT**

Notice is hereby given that the undersigned has submitted to the Lieutenant-Governor-in-Council, a proposal, under the above Act, for altering and removing obstructions from No. 2 and No. 3 creeks, North-East Kootenay, and for making same fit for rafting and driving logs, lumber, or other heavy loads, and for erecting and constructing dams, slides and booms, and making such other necessary improvements or constructions as may be necessary for the driving of logs and lumber thereon, or for the purpose of storing and storing same, and doing everything necessary for the purposes aforesaid.

The lands to be affected are vacant Crown lands and Lake No. 2, No. 3, No. 4, No. 5, No. 6, No. 7, No. 8, No. 9, No. 10, No. 11, No. 12, No. 13, No. 14, No. 15, No. 16, No. 17, No. 18, No. 19, No. 20, No. 21, No. 22, No. 23, No. 24, No. 25, No. 26, No. 27, No. 28, No. 29, No. 30, No. 31, No. 32, No. 33, No. 34, No. 35, No. 36, No. 37, No. 38, No. 39, No. 40, No. 41, No. 42, No. 43, No. 44, No. 45, SURGEON.

WILMER,  
East Kootenay, British Columbia.

## Union Hotel,

Wilmer, B. C.

This pioneer hotel has recently been painted and renovated into an up-to-date hotel. Minors, tourists and all classes of this world's people can always get a square meal and an easy bed within the portals of my door. The bar contains many kinds of nerve bracers, ranging from foams old eye to the tipple that genies in the glass. If you are dry, hungry, weary and when you reach Wilmer, lift the latch and drop in.

**Wm. CHAMBERLAIN,**  
Proprietor,

## Canadian Pacific Railway

Trains pass Golden:  
Eastbound - 11:30
